

Cederroth
FIRST AID
**PRODUCT
CATALOGUE**

Are your employees prepared for an accident?

We want First Aid to be accessible to everyone. By equipping your workplace with a complete range of First Aid equipment, we hope that more of your employees will be able to save lives if there is an accident. This is our ultimate goal and our motivation.

VISIT THE WORLD'S SMALLEST A&E DEPARTMENT

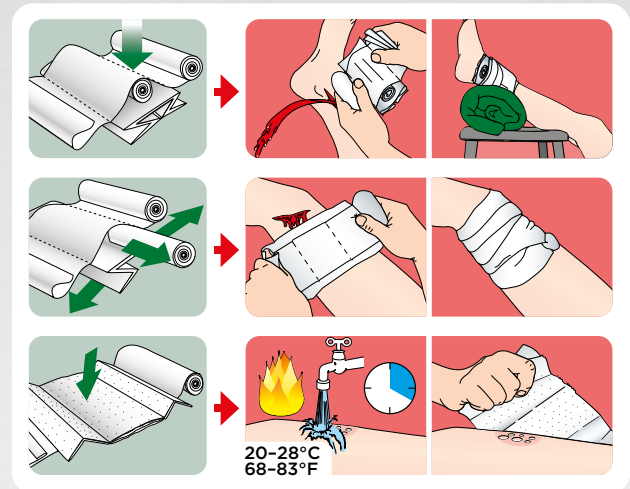

Cederroth has solutions that allow everyone to provide First Aid, even if they have not had any training. With our innovative range of First Aid Stations, every workplace can customise their own small A&E department, so that they are fully prepared for an accident. First Aid equipment should be available at every workplace.

- Easy to understand – our stations and First Aid Kits have been designed to make it quick and easy to find the right product.
- Well signposted – clear signposting is essential for First Aid equipment.
- Many of our products can be used for many different needs, making First Aid clear and simple.
- Clear illustrations – anyone should be able to give First Aid. Everywhere.
- Cederroth First Aid products are of high quality that meet important demands for safety and performance. Most are CE marked medical devices.

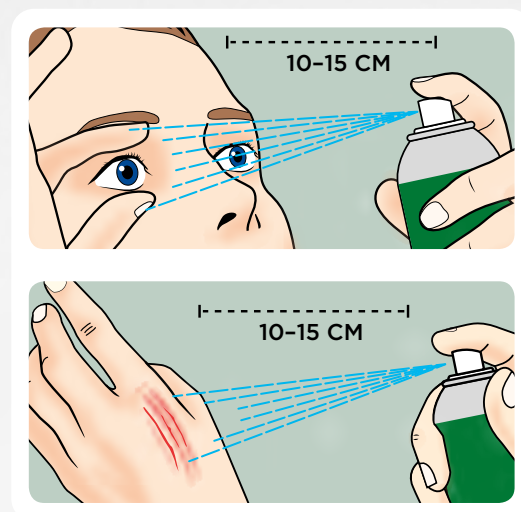

EASY TO FILL UP

Red labels show when it is time to restock a product and what its reference number is.

STEP-BY-STEP PICTURES

An accident can often make people stressed, so step-by-step illustrations make it easier to provide First Aid.

ILLUSTRATIONS

All our products have clear pictorial illustrations, showing how to use each product when someone is injured.

Summary

CEDERROTH STATIONS

Visit the world's smallest A&E department.
Cederroth has solutions that enable everyone to provide First Aid, even if they have not had any training. With our innovative range of First Aid Stations, every workplace can customise their own individual A&E department, so that they are fully prepared for an accident.

CEDERROTH FIRST AID STATION

Cederroth First Aid Station contains products that can treat many kinds of injuries and can easily be adapted to meet different healthcare needs.

HYGIENICALLY CLEAN

A transparent door protects the products from dust and dirt, ensuring the equipment stays hygienic and always ready for use.

SPACE FOR EXTRA SUPPLIES

Extra storage space means you can adapt your station to the specific needs of your workplace. You can add:

- Burn Gel 100 ml (REF 51011005) or
- Cederroth Soft Foam Bandage (REF 51011011).

CLEAR DISPLAY

Clear, easy-to-understand First Aid instructions are printed on the station and on product packs.

PLASTERS THAT YOU PULL DOWNWARDS

In our dispenser, you simply pull the plasters downwards, which avoids getting any dirt or blood on any other plasters.

No unnecessary waste!

REFILL KEY

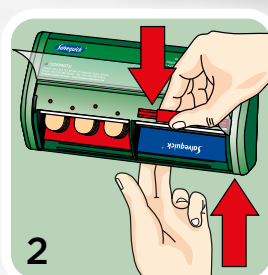

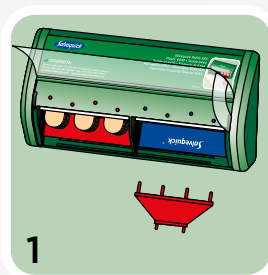

The plaster refills are locked in the dispenser to make sure they do not disappear. The wound cleanser dispenser is also locked. Empty refills are easy to remove with a special key.

CEDERROTH FIRST AID & BURN STATION

The First Aid Station for workplaces with risk of burn injuries and/or food is processed, such as catering kitchens, the food industry and workshops. **Now includes the new Cederroth Burn Gel 100 ml.**

CEDERROTH BURN GEL FOR BURNS

Cederroth Burn Gel 100 ml and Dressing provide rapid cooling and effective pain relief for burns. Cederroth Burn Gel cools as effectively as lukewarm water, speeding the healing process.

SOFT FOAM DISPENSER

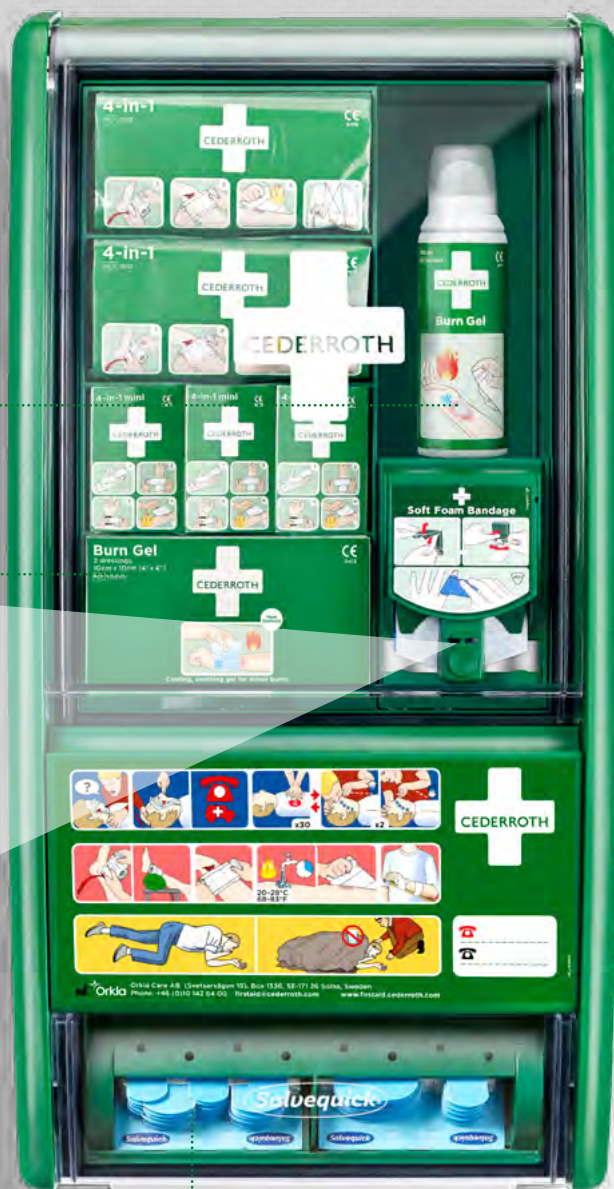

Cederroth Soft Foam Bandage Blue is an elastic self-adhesive bandage, giving maximum freedom of movement. The smart dispenser makes it easy for you to cut just the right length. The bandage can be used for all kinds of minor wounds and will stay in place in water.

PLASTER FOR BURNS

Cederroth Burn Cover protects and soothes minor burn injuries and promotes faster healing. The cool hydrogel protects the nerve endings in the skin and does not adhere to the wound.

BLUE PLASTERS WHEN HANDLING FOOD

Salvequick Blue Detectable Plasters are perfect if you are handling food. Blue plasters are easier to see and they can be detected by most metal detectors used in the food industry.

CEDERROTH FIRST AID PANEL MINI

This is a small panel that is suitable for small spaces or for work vehicles such as lorries and vans.

CEDERROTH EYE WASH

Take a look at the world's smallest eye emergency department.

Cederroth's buffered eye wash increases the chance of saving a person's vision. Cederroth's eye wash has a neutralising effect on alkali or acid splashes. The effect is generally stronger on alkalis than acids. The bottle is designed to rinse the eye with a good flow of liquid for around 1.5 minutes. It has the longest shelf life on the market at 4.5 years.

Patented

BUFFERED LIQUID INCREASES THE CHANCE OF SAVING YOUR VISION

Cederroth Eye Wash works to neutralise the eye's pH value, i.e. it has a neutralising effect on alkali or acid splashes, giving a quicker result than a normal sodium chloride solution.* Shelf life of 4.5 years.

If you have an accident with a substance that contains calcium (for example, cement, concrete or lime), you can safely rinse with Cederroth Eye Wash as it is 100% phosphate-free. This ensures that the eye is rinsed as effectively as possible.

TIP!

Visit the Eye Wash School at
www.cederroth.com

*The effect is generally stronger on alkalis than acids.

CEDERROTH EYE WASH STATION

Cederroth Eye Wash opens when you twist it out of the bracket, allowing you to start rinsing the eye immediately.

The station contains 2 bottles of Eye Wash. The bottle is designed to rinse the eye with a good flow of liquid for around 1.5 minutes. Make sure you have more bottles to hand so that you can rinse the eye over a long period of time, at least 15 minutes. Our unique eye cup helps to keep the eye open.

PLASTER DISPENSER AND EXTRA COMPARTMENT

The Eye Wash Station comes with a Salvequick Plaster Dispenser and has additional space for your own choice of products, for example, bloodstoppers, protective glasses or protective gloves.

THE INTEGRATED EYE CUP GUIDES THE LIQUID TOWARDS THE EYE WITHOUT ANY UNNECESSARY WASTE.

The eye cup helps to keep the eye open while rinsing. A colleague can check that the eye is open by looking through the transparent cup.

CEDERROTH EYE WASH STATION REF 721500
Dimensions: W 29 x H 56 x D 12 cm

- 2 (x 500 ml) Bottles of Cederroth Eye Wash (REF 725200)
- 1 Salvequick Plaster Dispenser including
 - 40 Textile Plasters (REF 6444)
 - 45 Plastic Plasters (REF 6036)
- 1 Eye Wash Instructions
- 1 Refill key

CEDERROTH BUFFERED EYE WASH FOR A NEUTRALISING EFFECT*

**CEDERROTH EYEWASH
REF 725200**

2 (x 500 ml) sterile isotonic borate buffered sodium chloride solution without preservatives for single use. Bottle dimensions: Ø 6.5 x 23.5 cm
Shelf life 4.5 years.

**CEDERROTH WALL BRACKET
REF 7200**

For Cederroth Eye Wash 500 ml (REF 725200). Comes with a fluorescent instruction sign. Dimensions: W 9 x H 27 x D 7 cm

**STRAP FOR WALL BRACKET
REF 7205**

Provides additional support in e.g. vehicles that can experience heavy vibrations at times.

**CEDERROTH EYEWASH CASE
REF 7255**

Contains 5 (x 500 ml) eye wash bottles. Can be wall mounted with wall bracket (REF 190400). Dimensions: W 40 x H 28 x D 8.5 cm.

**CEDERROTH EYEWASH
POCKET MODEL, REF 7221**

235 ml sterile isotonic borate buffered sodium chloride solution without preservatives for single use. Shelf life 4.5 years.

**CEDERROTH HOLSTER
REF 720300**

Green nylon holster with a belt loop for Cederroth Eye Wash Pocket Model (REF 7221). Dimensions: W 8 x H 16 x D 4.5 cm.

**CEDERROTH WALL BRACKET
REF 190400**

For Cederroth Eye Wash Case (REF 7255) The wall bracket keeps the case in one fixed location.

**CEDERROTH HEATING CABINET
REF 790400**

This heating cabinet has been designed for storing two bottles of Cederroth Eye Wash in cold environments. The cabinet maintains the temperature of the eye wash solution at +20°C, even if the temperature outside is as low as -20°C. The cabinet is made of insulated, durable and chemically-resistant EPP and has a thermostat heating element made of aluminium. It works automatically with 12V and 24V without the need for any other equipment (230V with a transformer). Plug for cigarette lighter sockets in cars and lorries. Voltage guard. Tested for electrical safety and CE-labelled. Eye wash must be ordered separately. (REF 725200)
Dimensions: W 28 x H 32 x D 13 cm.

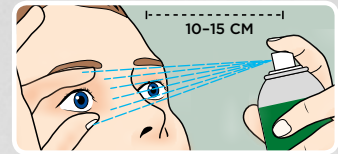

**CEDERROTH TRANSFORMER
REF 790500**

Double-insulation to withstand the cold. IP rating of IP44. 230V/14VDC, 30W. Adapter socket for 12/24V plug.

*The effect is generally stronger on alkalis than acids.

CEDERROTH EYE & WOUND CLEANSING SPRAY FOR DUST AND DIRT

EYE & WOUND CLEANSING SPRAY REF 726000

Spray for rinsing and cleansing out dust and dirt from eyes and wounds. The spray provides a soft flow of water, with a total rinsing time of 5 minutes. The spray works at every angle and in every direction. The spray can be used several times and remains sterile to the very last drop. Contains 150 ml sterile sodium chloride solution, 0.9 % NaCl. Eco-friendly propellant. Fits in the First Aid Station. Shelf life 5 years.

1 Refill key

and Salvequick Plasters is a complete, easy-to-use system. The plasters are always available, ready to use. The refills are locked, which prevents waste.

CLEAN, DRY AND HYGIENIC

Our dispenser allows you to pull plasters downwards, which avoids you getting any dirt or blood on any other plasters. The hygienic door keeps the plasters clean and fresh and makes it easy to see when you need to fill up with new plasters.

NO UNNECESSARY WASTE

The plaster refills are locked in the dispenser to make sure they do not disappear. It is easy to remove using a special key. Contact us if you need an extra key.

PUT PLASTERS ON WITH ONE HAND

When you pull a plaster out of the dispenser, one side is uncovered, making the plaster ready to use. So ingenious that it allows you to put a plaster on with just one hand.

SALVEQUICK PLASTER REFILLS

CUSTOMISE THE DISPENSER YOURSELF

There are several different plaster refills to choose from. All of our plasters have been allergy-tested.

SALVEQUICK TEXTILE PLASTER REF 6444

Each refill contains 40 plasters (24 plasters measuring 72 x 19 mm and 16 plasters measuring 72 x 25 mm). 6 refills/box.

SALVEQUICK EXTRA LARGE TEXTILE PLASTER REF 6470

Each refill contains 21 plasters (14 plasters measuring 80 x 30 mm and 7 plasters measuring 80 x 60 mm). 6 refills/box.

SALVEQUICK FINGERTIP PLASTER REF 6454

Each refill contains 15 plasters (87 x 56 (23) mm). 6 refills/box.

SALVEQUICK PLASTER DISPENSER BLUE DETECTABLE

Salvequick Plaster Dispenser Blue Detectable has been specifically designed for use in the food industry. The plasters are detectable by most metal detectors and the blue colour makes the plasters easier to see. The refills are locked to prevent any waste.

SALVEQUICK PLASTER DISPENSER BLUE DETECTABLE REF 51030130

Dimensions: W 23 x H 12 x D 5.5 cm

2 (x 35) Salvequick Blue Detectable Plasters (REF 51030127)
1 Refill key

SALVEQUICK PLASTIC PLASTER REF 6036

Each refill contains 45 plasters (27 plasters measuring 72 x 19 mm and 18 plasters measuring 72 x 25 mm). 6 refills/box.

SALVEQUICK BLUE DETECTABLE PLASTER/MIX REF 51030126

Fingertip/Regular: Extra soft and flexible. Detectable by most metal detectors used in the food industry. Each refill contains 30 plasters (15 plasters measuring 66 x 39 (22) mm and 15 plasters measuring 72 x 19 mm). 6 refills/box.

SALVEQUICK SENSITIVE PLASTER (NON-WOVEN) REF 6943

For sensitive skin. Each refill contains 43 plasters (27 plasters measuring 72 x 19 mm and 16 plasters measuring 72 x 25 mm). 6 refills/box.

SALVEQUICK BLUE DETECTABLE PLASTER REF 51030127

Extra soft and flexible. Detectable by most metal detectors used in the food industry. Each refill contains 35 plasters (21 plasters measuring 72 x 19 mm and 14 plasters measuring 72 x 25 mm). 6 refills/box.

SALVEQUICK EXTRA LONG FINGER BANDAGE*

Easy to wind around a finger and for more hard-to-reach places.

SALVEQUICK TEXTILE FINGER BANDAGE REF 6496

Extra long textile plasters, soft and flexible. Dimensions: 120 x 20 mm
Each refill contains 30 long plasters, 6 refills/box.

Extra long plastic plasters, soft and flexible. Dimensions: 120 x 20 mm
Each refill contains 30 plasters, 6 refills/box.

SALVEQUICK DETECTABLE FINGER BANDAGE REF 6796

Extra long blue plasters that are easy to wind around your finger. Soft and flexible, detectable by most metal detectors used in the food industry. Dimensions: 120 x 20 mm. Each refill contains 39 plasters, 6 refills/box.

* Not for sale in Germany, Austria and Switzerland.

CEDERROTH PLASTER REFILLS

**NEW!
4.5 M**

2 M

CEDERROTH SOFT FOAM BANDAGE BLUE, 4,5 M REF 51011010

Cederroth Soft Foam Bandage is a tight-fitting elastic bandage, giving users maximum freedom of movement. The bandage stays on in hot, cold, wet or dry conditions, and will also remain in place in water. Cederroth Soft Foam Bandage is self-adhesive, so it does not contain any glue. This means that it will not stick to your skin or hair. The blue colour is easier to see, making it suitable to use when handling food. Dimensions: Roll 4.5 m x 6 cm.

CEDERROTH SOFT FOAM BANDAGE BLUE 2 M REF 51011011

Cederroth Soft Foam Bandage is a tight-fitting elastic bandage, giving users maximum freedom of movement. The bandage stays on in hot, cold, wet or dry conditions, and will also remain in place in water. Cederroth Soft Foam Bandage is self-adhesive, so it does not contain any glue. This means that it will not stick to your skin or hair. The blue colour is easier to see, making it suitable to use when handling food. Dimensions: Roll 2 m x 6 cm.

40 CM

CEDERROTH SOFT FOAM BANDAGE POCKET SIZE, BLUE REF 666150

Cederroth Soft Foam Bandage is a tight-fitting elastic bandage, giving users maximum freedom of movement. The bandage stays on in hot, cold, wet or dry conditions, and will also remain in place in water. The Soft Foam Bandage is self-adhesive, so it does not contain any glue. This means that it will not stick to your skin or hair. Dimensions: 60 x 400 mm.

CEDERROTH BURN COVER REF 901903

Hydrogel plaster that protects and relieves minor burn injuries. Burn Cover can also be used for minor cuts and abrasions. Burn Cover is blue, so can be used when handling food. The hydrogel does not adhere to the wound. Watertight and sterile. Cool the burn for at least 20 minutes using Cederroth Burn Gel, for example, or with lukewarm water prior to applying the Burn Cover. 10 plasters/box (74 x 45 mm).

*Hydrogel
plasters*

SALVEQUICK TEXTILE PLASTERS 5 M REF 546264

An elastic plaster with excellent adhesive properties that can be used on elbows, knees and joints. It allows the skin to breathe and is dirt-repellent. Dimensions: 6 cm x 5 m.

SALVEQUICK MAXI COVER REF 658024

A sterile quick plaster that allows the skin to breathe. It is soft and flexible and stays in place securely as there is glue around all sides. For large wounds for example, superficial surgical wounds and abrasions. Dimensions: 75 x 54 mm, 5 bandages.

REFILLS

Easy to order replacement products.

Our refills make it easier for you to replace what is missing in your First Aid stations, panels, cabinets and First Aid Kits.

REFILLS

CEDERROTH 4-IN-1 BLOODSTOPPER REF 1910

Sterile universal dressing with four functions: pressure pad, protective dressing, temporary support dressing and burn dressing. Contains two elastic bandages (10 cm x 3 m), including one with a sewn-in dressing (14 x 23 cm). Clear instructions on the inside of the pack.

CEDERROTH 4-IN-1 MINI BLOODSTOPPER REF 1911

Sterile universal dressing with four functions, especially suitable for fingers and toes. Contains one elastic bandage (6 cm x 3 m), with a sewn-in dressing (8 x 12 cm). Clear instructions on the inside of the pack.

CEDERROTH PROTECTION KIT REF 2596

This product reduces the risk of contact between the person who is helping and the person who is injured. It includes a breathing mask with a one-way valve, 2 pairs of gloves and 2 Cederroth Safety Hand Cleansers (70% alcohol).

CEDERROTH EYE & WOUND CLEANSING SPRAY REF 726000

Spray for rinsing and cleansing out dust and dirt from eyes and wounds. The spray provides a gentle flow of water, with a total rinsing time of 5 minutes. The spray works at every angle and in every direction. The spray can be used several times and remains sterile to the very last drop. Contains 150 ml sterile sodium chloride solution, 0.9% NaCl. Eco-friendly propellant. Fits in the First Aid Station. Shelf life 5 years.

SALVEQUICK WOUND CLEANSER REF 3227

Salvequick Wound cleanser replaces cotton and bottles with wound cleansing liquid. Contents: 40 Salvequick Wound Cleansers with 0.9% sodium chloride solution. Sterile, individually packaged. Can be used in the First Aid Panel, Double Door Cabinet and Salvequick Wound Cleanser Dispenser.

SALVEQUICK WOUND CLEANSER REF 323700

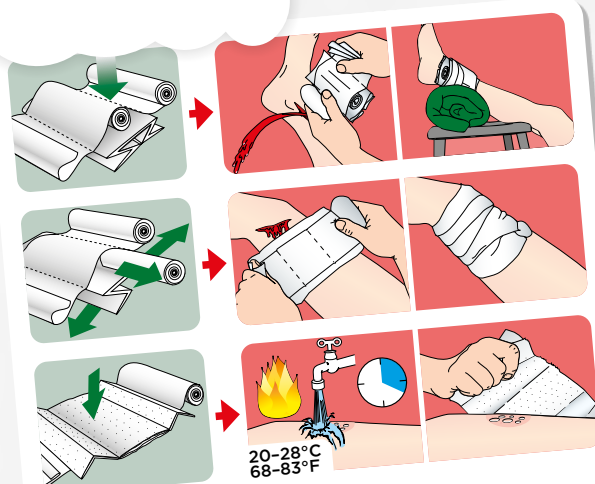

Salvequick Wound cleanser replaces cotton and bottles with wound cleansing liquid. Contents: 20 Salvequick Wound Cleansers with 0.9% sodium chloride solution. Sterile, individually packaged. Can be used in the Cederroth First Aid Station.

CEDERROTH TRIANGULAR BANDAGE REF 1889

This product can be used to support an injured arm or to keep a dressing in place on a head injury. Contains 2 triangular bandages and 6 safety pins.

4-in-1 Bloodstopper
Sterile universal dressing with clear instructions for each area of use.

REFILLS

CEDERROTH BURN GEL DRESSING REF 901900

The dressing offers rapid cooling and effective pain relief for burns and sunburn. Cederroth Burn Gel cools as effectively as lukewarm water; speeding up the healing process. Water-soluble. Sterile dressing 10 x 10 cm, 2/box.

CEDERROTH BURN GEL 100 ML REF 51011005

Water-based gel for minor burns, scalds, sunburn and radiation damage. Acts as a temporary protective barrier that cools and calms the skin and provides pain relief. Simple to apply (gel in an aerosol dispenser) and can be used several times.

CEDERROTH COMPLETE REFILL PACK FOR THE FIRST AID STATION REF 51011002

CEDERROTH SAFETY HAND CLEANSER REF 3387

Moist cleansing wipes for effective hand cleansing. Contains 70% alcohol. (600 wipes)

SALVEQUICK PLASTER & WOUND CLEANSER REF 1880

Bag with 20 Salvequick Plasters and 10 Salvequick Wound Cleansers.

CEDERROTH NET DRESSING REF 1893

Large dressing with a fixing net to keep the bandage in place.

CEDERROTH EMERGENCY BLANKET REF 1892

Blanket with a heat-reflecting aluminium side that provides effective insulation.

CEDERROTH ELASTIC BANDAGE REF 1882

4 metres long when extended and 8 cm wide. Clips are included.

SALVEQUICK INSTANT COLD PACK REF 219600

A cooling bag to relieve pain and minimise swelling, for example, from a sprain.

CEDERROTH BREATHING MASK REF 1921

An aid in mouth-to-mouth resuscitation. It reduces the risk of contact between the person who is helping out and the person who is injured. There are clear instructions printed on the plastic cloth.

CEDERROTH BREATHING MASK IN KEY FOB REF 1925

An aid in mouth-to-mouth resuscitation. It reduces the risk of contact between the person who is helping and the person who is injured. There are clear instructions printed on the plastic cloth.

SCISSORS 190 MM REF 270002

Stainless steel Lister bandage scissors with a plastic handle, designed for use in emergencies. The rounded edge of the scissors prevents any sharp injuries. The large openings in the handle make the scissors easy to use, including by people with large hands.

TWEEZERS 100 MM REF 1875

Stainless steel tweezers, individually packaged in plastic bags. The tweezers are designed for First Aid, for example, when handling bandages or removing foreign objects from wounds.

SET OF MIXED DIN PRODUCTS REF 51000026
